Section I – Introduction

This directory provides a list of HealthPartners Journey's network providers that have agreed to provide you with your health care, vision and dental services. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue going to that same provider.

Out-of-network providers are under no obligation to treat HealthPartners Journey enrollees, except in emergencies. Our plan will cover services from out-of-network providers, as long as the services are covered benefits and are medically necessary. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. However, a referral or prior authorization is not required when you receive care from an out-of-network provider. Please call our Member Services Department at **952-883-6655** or **866-233-8734**, TTY users should call **711**. From **Oct. 1 through March 31**, we take calls from 8 a.m. to 8 p.m. CT, **seven days a week**. You'll speak to a representative. From **April 1 through Sept. 30**, call us 8 a.m. to 8 p.m. CT, **Monday through Friday** to speak with a representative. On Saturdays, Sundays and Federal holidays, you can leave a message and we'll get back to you within one business day.

With the exception of emergencies or urgent care, your share of the costs for your covered services may be higher from out-of-network providers. Please refer to your Evidence of Coverage (EOC) for more information, such as services that require a prior authorization and cost sharing that applies to in-network and out-of-network services.

In most cases, if you get care from an out-of-network provider, that provider must participate in Medicare. Except for emergency care, we cannot pay a provider who does not to participate in Medicare. If you receive care from a provider who does not to participate in Medicare, you will be responsible for the full cost of the services you receive. Check with your provider before receiving services to confirm that they participate in Medicare.

When you are outside the service area and cannot get care from a network provider, you may receive emergency and urgently needed care from the closest available provider. In addition, when out of the service area you can obtain dialysis treatment from any qualified dialysis provider. With the exception of emergencies or urgent care, it may cost more to get care from out-of-network providers.

Wait times for primary care and behavioral health

We must provide you with access to primary and behavioral health services within the following timeframes:

- Immediately for urgently needed services or an emergency;
- Within 7 days for services that are not an emergency or urgently needed, but you require medical attention; and
- Within 30 days for routine and preventive care.

If an out-of-network provider asks you to pay for covered services, please contact Member Services prior to paying your bill. To submit claims, you should mail them to:

Urgent care/after hours

Providers are organized first by state, city, then alphabetically by facility name.

What is the CareLine℠ service?

After regular clinic hours, call our CareLine service to talk directly with skilled nurses who are specially trained to help you over the phone. A CareLine nurse might suggest home care, a visit to your clinic the next day, a trip to an urgent care clinic, or a visit to an emergency room. Whatever your health care needs or questions, CareLine nurses will give you guidance based on the condition you describe and, if necessary, direct you to the facility that is most appropriate for your situation. They'll even contact the urgent care center so they're prepared to meet your needs when you arrive.

What urgent care centers are available?

The urgent care centers listed on the following pages are available to all HealthPartners Journey members — just walk in. In addition, some clinics offer urgent care on site (see clinic listings). The urgent care centers affiliated with your regular clinic will most likely be able to get access to your medical records and more easily coordinate any needed follow up care.

The CareLine Service

800-551-0859

Nurses available 24/7, 365 days a year
