| <b>O. Plan Maximum Out-of-Pocket Expense</b> (excluding prescription drugs) (single/family)   | \$2,600 / 5,200                                   | \$2,600 / 5,200                                   | \$3,800 / 7,600                                    | \$4,800 / 9,600                                    |

Emergency care or urgent care at a hospital emergency room or urgent care center out of the plan's service area or out of network is covered as described in sections C and E above.

This chart applies only to in-network coverage. Point of Service coverage is available only to members whose permanent residence is outside both the State of Minnesota and the Advantage Plan's service area. This category includes employees temporarily residing outside Minnesota on temporary assignment or paid leave [including sabbatical leaves] and college students. It is also available to dependent children and spouses permanently residing outside the service area. Members enrolled in this category pay a \$350 single or \$700 family deductible (separate and distinct from the deductibles listed in section B above) and 30% coinsurance that will apply to the out-of-pocket maximums described in section O above. Members pay the drug copayment described at section M above to the out-of-pocket maximum described at section N. This benefit must be requested.

The PEIP Advantage Plans offer a standard set of benefits regardless of the selected carrier. There are some differences in the way each carrier administers the benefits, including the transplant benefits, in the referral and diagnosis coding patterns of primary care clinics, and in the definition of Allowed Amount.

\* This Plan uses an **embedded deductible**: If any family member reaches the individual deductible then the deductible is satisfied for that family member. If any combination of family members reaches the family deductible, then the deductible is satisfied for the entire family.
