INTRODUCTION

This directory provides a list of Blue Cross Medicare Advantage's network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers. Other physicians/providers are available in our network.

Out-of-network providers are under no obligation to treat Blue Cross Medicare Advantage enrollees, except in emergencies. For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our Customer Service Department at 1-800-711-9865, daily, 8:00 a.m. to 8:00 p.m. CT. TTY users should call 711. You may also refer to your Evidence of Coverage for more information, including the cost sharing that applies to out-of-network services.

While you don't need to get a referral when you receive care from in-network or out-of-network providers, prior authorization may be required for some services. For details on covered services that need prior authorization, please see your Evidence of Coverage. If you receive these services without prior authorization, you may be responsible for the costs. If you have any questions about whether we will pay for any medical service or care that you are considering, you have the right to ask us whether we will cover it before you get the service or care.

The Blue Cross Medicare Advantage plan will cover services from either in-network or out-of-network providers, as long as the services are covered benefits and medically necessary. However, if you use an out-of-network provider, your share of the costs for your covered services may be higher.

The Blue Cross Medicare Advantage plan offers as a supplemental benefit a visitor/traveler program for the United States and its territories (outside the state of Minnesota and contiguous counties), which will allow you to obtain eligible covered services at an in-network cost share when traveling for up to 9 continuous months. Prior notification is required. Please contact Customer Service for more information.

You may get covered emergency medical care whenever you need it, anywhere worldwide. Blue Cross Medicare Advantage covers ambulance services in situations where getting to the emergency room in any other way could endanger your health.

If you have an emergency, we will talk with the doctors who are giving you emergency care to help manage and follow up on your care. The doctors who are giving you emergency care will decide when your condition is stable, and the medical emergency is over. After the emergency

is over you are entitled to follow-up care to be sure your condition continues to be stable. Your follow-up care will be covered by Blue Cross Medicare Advantage.

If your emergency care is provided by non-network providers, we will try to arrange for network providers to take over your care as soon as your medical condition and the circumstances allow. Coverage outside of the United States is limited to emergency medical care.

Emergency care can always be obtained in or out of the service area from the nearest available provider. When in the service area you should use network providers for urgent care. In most situations, if you are in the plan's service area and you use an out-of-network provider, you will pay a higher share of the costs for your care. When you are outside the service area and cannot get care from a network provider, our plan will cover urgently needed services that you get from any provider at the lower in-network cost sharing amount. In addition, when out of the service area you can obtain dialysis treatment from any qualified dialysis provider. If you obtain routine care from out-of-network providers, you will pay the higher out-of-network cost-sharing.

We feature a large network of health care providers. Each provider is an independent contractor and is not our agent.

WHAT IS THE SERVICE AREA FOR BLUE CROSS MEDICARE ADVANTAGE?
